a. No Report

### V. New Business

#### a. Items of information:

##### i. Solicitation for 2018 UPWP

1. Scott Lackey reminded everyone that we are requesting projects for the FY 18 UPWP projects. The submittal for UPWP projects should be made by January 20, 2017. Mr. Lackey indicated that at this time we do not know the allotment for FY 18 so may have to delay selection process into February. This will still keep the UPWP selection within the proposed schedule

- ii. Non-STU projects for FY2018-2021 TIP.
  - 1. Scott Lackey indicated that he had asked the Technical committee for past practices of compiling non-STU projects for the multi-year TIP. The majority indicated that using a DRAFT TIP spreadsheet that could be revised or added to would be the easiest method. Mr. Lackey indicated that he would send out a spreadsheet in the near future covering the FY18-21 TIP.

- iii. Meeting Schedule for CY 2017

- 1. Scott Lackey distributed the meeting schedule for the Technical and Policy Committee meetings for calendar year 2017. It was agreed that if there were no voting items that meetings may be canceled by the Director of DATS. Mr. Lackey indicated that it had also been placed on DATS webpage.

- b. Discussion and Vote:

- i. Amendment to the 2017 – 2020 TIP

- 1. A copy of the proposed revision was distributed to members of the committee. Mr. Lackey informed the committee that Vermillion County had updated their estimate of cost requiring additional funds for Project No. VC-17-05 thus requiring an amendment to the current TIP. The increased cost of the project would be covered by the County's STR and Local match funds requiring no increase in the use of DATS STU funds.
    - 2. Motion to move forward with revisions to Project No. VC-17-05 and to amend the 2017-2020 TIP was motioned by Craig Emberton and seconded by Mike Weese.
    - 3. Voice Vote:    Yea 3                    Nay 0                    Absent 1                    Abstain 0

- ii. Approval of STU projects for the 2018 – 2021 TIP

- 1. Mr. Lackey indicated that there were three projects submitted for usage of STU funds. A copy of a selection criteria package was distributed to all committee members.
    - 2. Mr. Lackey distributed DATS STU Funds balance sheet showing the effects of approving all of the submitted projects. Mr. Lackey pointed out that should all three projects be approved for funding it would result in a balance requiring DATS to borrow against its future STU allotments. Mr. Emberton indicated that this is common especially when it is necessary to fund large projects.
    - 3. Mr. Lackey provided a brief overview of a project submitted by the Village of Catlin. The project included the reconstruction of sidewalk along Webster Street from Vermillion Street to Northview Drive. The total STU funds requested is \$140,000 for engineering and construction cost for FY18. The sidewalk being reconstructed along the main corridor for students attending both the elementary and high school. The current sidewalks are cracked, faulted, covered with soil and do not meet ADA policy.

4. Mr. Lackey provided a brief overview of a project submitted by the City of Danville requesting \$600,000 in STU funds for FY18. The project included the reconstruction of the intersection of Jackson Street and English Street to a roundabout design. Additional work will include providing a multi-use path from Penn Street to English Street. Mr. Lackey indicated that this project was a continuation of the Danville High School shared use path and connection with the Lincoln Park shared use path.
5. Mr. Lackey provided a brief overview of a project submitted by the City of Danville requesting \$1,250,000 in STU funds for FY19. The project is on the Denmark Road from N Gilbert Street to Old Ottawa Road and on Old Ottawa Road from Denmark Road to Rue Bienville. Mr. Lackey indicated that the STU funds requested are for the construction of sidewalks, widening of pavement to provide for bicycle lanes and intersection improvement at Winter Avenue, N Logan Avenue and Denmark Road. Mr. Lackey indicated that the construction would be included in a major sanitary sewer project along the same corridor. The committee discussed the potential problem of including the STU funds with the Sanitary Sewer project because the State would have to front the money since the project would be on a State letting. Mr. Lackey indicated that the City could consider letting two contracts.
6. There was general discussions about the selection of projects. Some committee members expressed concern about using STU funds for engineering costs. Mr. Lackey pointed out that there is nothing in the by-laws restricting the usage. He did point out that some MPOs in the State do have restrictions on engineering and also the percentage of STU funds that may be used for construction. Others expressed concern for using the funds to reconstruct sidewalks and that it could result in just having various projects rebuilding sidewalks and that it may not be a good use of limited funds. It was pointed out by Mr. Lackey that sidewalk construction is eligible for STU funds. In the future projects should be based on a case by case basis. As an example the Village of Catlin's project is not just a maintenance project it is proving ADA compliant sidewalk that is the main corridor for students attending school. Motion to move forward with the three projects in the FY 2018 – 2021 TIP was motioned by Mike Weese and seconded by Craig Emberton.
7. Voice Vote:      Yea 3                      Nay 0                      Absent 1                      Abstain 0

- a. Motion to adjourn made by Scott Eisenhauer and seconded by Craig Emberton.
    - i. DATS Policy Committee meeting was adjourned at 11:04 AM.

*DATS Administrative Management Summary of Responsibilities*

ESI Consultants has helped DATS transition from our last Director Jaclyn Vinson. Staff had indicated that ESI expenses would be monitored and kept within our current budget constraints while staff becomes accustomed to the routine agency activities. With the start of the new year, staff is ready to pick up the full load of the DATS organization and propose dividing up the routine tasks as follows:

- Call for projects, topics: David
- Meeting agendas, packets: David
- Notices: David
- Agency outreach: Ross
- Call for quorums: Ross
- Minutes: Ross
- Statewide meeting participation: Ross
- TIP, STU, UPWP updaters: David
- Budget: David
- Project Management: David / Chris
- Website: Ross
- Social media: Ross
- Quality control: Chris

Non-routine items will be handled on a case by case basis.

## Danville Area Transportation Study

**Unified Planning Work Program Project Submission Form**

The purpose of this form is the submission of annual transportation related planning studies. Each idea submitted must be consistent to the goals and objectives of the Danville Connections 2035 long range transportation plan. The submissions will be provided to the Technical Committee for review and consideration of inclusion with the annual work program. The DATS member agency shall submit one completed form to the MPO Director for each project that agency wishes to sponsor.

**Submitted By**

City of Danville

**Name of Project Bowman Avenue Corridor Study Phase II****Objective/Task Description** What is the purpose and scope of work for the task?

Identify issues and opportunities along the Bowman Avenue corridor from I-74 to the northern limits of the MPA. Identify corridor improvements that improve the transportation network to support economic growth to existing developed and under developed areas and future growth areas. Determine high risk safety issues along the corridor and recommend appropriate mitigation. Evaluate east-west connections and needed improvements. Determine potential for Illinois Route 1 traffic congestion relief and evaluate the impact on residential and commercial areas along Route 1 from I-74 to West Newell. Make access recommendations to maximize roadway capacity while limiting roadway footprint. Accommodate all modes of transportation in the study, specifically; rail, freight, bus, pedestrian, air.

**Schedule** What is the anticipated time schedule, including start and end dates?

Fiscal Year 2018

**Benefit** How does this task help to implement the Long Range Transportation Plan?

Integrate transportation planning supporting economic development and growth, neighborhood preservation, and maximizing roadway capacities. Coordinate transportation and land use planning.

**Administrator** Who will be in charge of the task and what is their title and agency affiliation?

R. David Schnelle, City of Danville

**Participants** Who, besides the administering agency, will take part in this task (i.e. non-profits, etc)?

DMT, CRIS, Vermilion County Regional Airport, Vermilion County, Vermilion Advantage, City of Danville, Danville convention business bureau, IDOT, FHWA, CSX, Norfolk Southern, other stakeholders.

**Total Costs** Please identify requested funding and anticipated consultant costs and funding match.**\$55,000 PL / SPR/ MFT Funds**

Re: Appointment to DATS Technical Committee

To Whom It May Concern:

It has come to the attention of the Village of Catlin Board that the Villages, within the MPO, are not currently being represented on the Technical Committee. The Village of Catlin is requesting the Policy Committee approve the appointment of Shelley Darnell. Ms. Darnell is the Village Clerk for Catlin and thus meets the requirements set forth within the MPO. We further request that this actionable item be placed on the February 9<sup>th</sup>, 2017 DATS Policy Committee Agenda.

Sincerely,

Butch Schmink  
Mayor, Village of Catlin
